

EARLY CHILDHOOD GENERALIST ENDORSEMENT

An endorsement to teach grades 4–5 can be added to a present Early Childhood License by the completion of an approved Early Childhood endorsement program. This endorsement also requires the passage of the Praxis II test with a score of 143 on the Elementary Education: Content Knowledge (0014). **Minimum requirements for teachers’ licenses are determined by the Ohio Department of Education; if those requirements change, they become effective immediately at Youngstown State University.** (YSU Undergraduate Bulletin)
